## City and Vicinity.

The election of a School Trustees for Foster Ward will take place tomorrow.

The lowest point reached by the mercury last night was 18° below zero, though some thermometers registered as low as 20° and even 25°.

We are informed that Dr. Allen, having secured a patent for Bushy Island, has seized the old hospital building on the island for rent.

Our tramp came in out of the cold last night and enjoyed the genial warmth to which he was accustomed. He had no company. He was a Scotchman.

It is hardly necessary to remind our readers of the Oldfellows' concert tomorrow evening in the new hall in the Robertson Block. Everybody is going.

At the Police Court this morning the case of Keating vs. Magner was again laid over for a week. Robt. Arliss and D. Doyle were charged with selling liquor during prohibited hours. Their cases were also enlarged.

The anniversary of the City Mission will be celebrated by a sermon by the Rev. Mitchell in the City Hall at 3:45 on the afternoon of Sunday, the 29th inst. On the following evening a public meeting will be held, at which the Mayor will preside.

The annual grant of \$300 was not granted the W. O. Association by the City Council last night; but \$300 was voted the Association to be expended for the poor of the city. Probably the ladies, not being able to procure the beautifully fine "dissection" between two grants, will be just as well satisfied.

Two diners at the St. George's Restaurant are now regarded with much interest. A fine large orchestra, playing music constantly and other things, has been placed in a conspicuous position in the bar and discourses a vast mass in accompaniment to the major practical class of plates, knives and forks.

Have the Epistolary Advertiser: "We have received a copy of a poem from our friend Mr. T. C. Deane, in which he expresses a request to be allowed to die by the axure. The request is a reasonable one. Those who have read Mr. T. C. Deane's effusions, either in verse or prose, will regret that that glowing young author did not perceive the point of the situation long ago—and carry it into execution.

The publisher of the paper that a number of our citizens held their monthly session in the Oddfellows' Hall last evening. The event was one of the most enjoyable of the season, the company, the music, and the surroundings all but the great, being all that could be desired. To do the justice, it did not burn, but the most of the amount was "blinking," to say the least.

THE UNLOVED WIFE

BY MRS. E. D. M. TOWNSHIP.

Nancy left the room again and returned with another armful of hickory sticks and threw them upon the fire, which roared then with a roar and a burst of flame.

"Why don't you let Alice or Steve do that! It is their work, not yours!" said the young lady.

"Oh, I choose to do it myself rather than wait for my maid, Miss Lillian!"

"You don't say so, now you've had your share of the work, don't you?"

"I don't know what you mean, my dear!"

"I mean, you've had your share of the work, don't you?"

"I don't know what you mean, my dear!"

BELLEVILLE, WEDNESDAY, JAN. 25.

## City and Vicinity.

Turn the harvest has now set in.

The moon phase was only two hours and a half late today.

Two tramps were all that were registered at the police office last night.

Snow to the east, west, north and south of us, but none at Belleville, or within several miles of the city.

The rate of taxation in Belleville is

grumbled at by many, but in Chicago the rate is very nearly five cents on the dollar.

Lack of space prevents a reply to Mr. T. B. Bentley's letter in the *Ontario* of yesterday.

It will receive attention to-morrow.

A great pressure of matter compels the cutting down of local news-letters and the holding over of other correspondence for the time being.

The programme of Mr. Oldham's organ concert on the 1st prox. has been published.

It contains many of the masterpieces of the best masters.

The anniversary of the City Mission is to be celebrated on February 10th and 20th, instead of on January 29th and 30th, as stated in yesterday's issue.

Announcements are constantly being made to the membership of the Mechanics' Institute.

The list now contains very nearly two hundred names, and the Directors will, by the end of the month, be in a position to meet the requirements of the Association.

Ritchie's munificent offer of \$100 towards the purchase of two billiard tables.

The contest in Foster Ward over the election of a School Trustee will fill the place in the Board recently vacated by the death of John L. Wood, has been proceeding vigorously throughout the day.

The contest, as already announced, is between Messrs. John Martin and E. Maxon.

Maxon took the lead early in the day and has since held his own, and there is every probability of his being elected.

At 2:30 o'clock the vote stood as follows: Maxon, 60; Martin, 32.

An error occurred in our brief Council report yesterday, caused by an absent-minded compositor, by which Mr. Corrigan's name appeared as Second Deputy Revere for Thurlo, and the Tendency representation was omitted altogether.

Mr. M. B. Burley's name should have appeared in place of Mr. Corrigan's, and the Tendency representative should have been given as follows:—Revere, John White, M. P.; 1st Deputy, D. Anderson; 2nd Deputy, M. Corrigan.

The Harmonic Association performed "Encores" before a large and appreciative audience in Japanese last night.

The play took well, and the audience were kept in a good humor throughout. It should be said that a large share of the success of the evening was due to the members of the Japanese Dramatic Club, who work hard in the interests of the local association.

After the conclusion of the play, the Belleville party were entertained at supper by their friends at the Hoffman House, where a very enjoyable time was had by the members of the Oddfellows' Orchestra accompanied the Association and furnished the orchestral music, which was received by the audience with almost as many marks of approval as the performance itself.

RECEPTION OF OFFICERS.—At a meeting of Loyal Orange District Lodge No. 2, North Hastings, held at Elgin, the following officers were elected for 1892:

Bro. Hugh Ketchum, D. M.; Bro. William Thompson, D. M.; Bro. Rev. Bro. Smith, Chaplain; Bro. W. J. Higgins, Sec.

Bro. John C. Gentry, Treas.; Bro. J. A. Bryden, D. C.; Bro. W. Allen, P. M. Before the close of the meeting a unanimous vote of thanks was tendered to the Past District Master, Bro. W. J. Allen, for the able manner in which he had led the Master's chair for the past two years, and also a vote of thanks was given to Bro. John N. Moore for the great interest he had always taken in Orangemen.

The meeting was one of the most harmonious ever held in that hall.

The next meeting will be held at Quamby.

## THE UNLOVED WIFE

By MRS. R. E. R. K. NORTHROP.

Even now there were times when the wife

suggested to him that Lillith West

the interloper, had stolen the best part

of his father's heart. Yet still he

did not love his father that way

as in acknowledgment of "the sacred

right in deference to the dying man's

wish that he should be married to the

girl of whom he had been so jealous.

Now that his father was gone he

did not regret the sacrifice which had

been made, but he was not so sure

that Lillith was the girl who had

been so much the subject of his

father's love. He was not so sure

that Lillith was the girl who had

that Lillith was the girl who had

been so much the subject of his

half sister of the man she loved, and her

marriage of five days had not cured her

of this weakness.

But he had really loved her and made her

feel that he loved her, he must have

been confident and cheerful and free.

But all this was the unloved wife.

And yet he did not know that she was

not yet cured. He had not seen her

to give herself to him; therefore, of

course, he must have loved her. This

was a little of a question, she had

taken for granted.

## Why Incur Torture?

By disregarding cleanliness of the teeth,

and this encouraging their decay, men

and women are liable to incur the

possibility of toothache, by keeping

the teeth in health. The use of

this popular article, can form an adequate

means of preserving the teeth in

both sexes. It is a most valuable

to be preferred to anything else which

is not only a question, she had

taken for granted.
